

REPORT OF TRAFFIC ACCIDENT INVOLVING AN AUTONOMOUS VEHICLE

DMV USE ONLY	
AVT NUMBER	
NAME	

Instructions: Please print within the spaces and boxes on this form. If you need to provide additional information on a separate piece of paper(s) or you include a copy of any law enforcement agency report, please check the box to indicate "Additional Information Attached."

- Write **unk (for unknown)** or **none** in any space or box when you do not have the information on the other party involved.
- Give insurance information that is complete and which correctly and *fully* identifies the **company** that issued the Insurance policy or surety bond, or whether there is a certificate of self-insurance.
- Place the National Association of Insurance Commissioners (NAIC) number for your Insurance or Surety Company in the boxes provided. The NAIC number should be located on the proof of insurance provided by you company or you can contact your insurer for that information.
- Identify any person involved in the accident (driver, passenger, bicyclist, pedestrian, etc) that you saw was injured or complained of bodily injury or know to be deceased.
- Record in the PROPERTY DAMAGE line any damage to telephone poles, fences, street signs, guard post, trees, livestock, dogs, buildings, parked vehicles, etc., including a description of the damage.
- Once you have completed this report, please mail to: Department of Motor Vehicles, Occupational Licensing Branch, P.O. Box 932342, MS: L224, Sacramento, CA 94232-3420

☐ Additional information attached.**SECTION 5 — ACCIDENT DETAILS - DESCRIPTION**☐ Autonomous Mode ☒ Conventional Mode

A Google Lexus-model autonomous vehicle ("Google AV") traveling northbound on Phyllis Ave. in Mountain View in manual mode was involved in an accident. As the Google AV proceeded through a green light at the El Camino Real intersection, its autonomous technology detected another vehicle traveling westbound on El Camino Real approaching the intersection at 30 mph and began to apply the Google AV's brakes in anticipation that the other vehicle would run through the red light. The Google AV test driver then disengaged the autonomous technology and took manual control of the Google AV. Immediately thereafter, the other vehicle ran through the red light and collided with the right side of the Google AV at 30 mph. At the time of collision, the Google AV was traveling at 22 mph. The Google AV sustained substantial damage to its front and rear passenger doors. The other vehicle sustained significant damage to its front end. There were no injuries reported at the scene by either party. However, the Google AV test driver later voluntarily went to a local hospital where he was evaluated by medical staff and released.

☐ Additional information attached.**SECTION 6 — CERTIFICATION**

I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

I further certify that I am the authorized Administrator of the program for the above named employer.
